

| | | |
|----------|--|-------------------------------------|
| 1 | Introduction..... | 1 |
| 1.1 | The meaning of Overlanding | 5 |
| 1.2 | The Overland vehicle market | 7 |
| 2 | Conversion..... | Error! Bookmark not defined. |
| 2.1 | The Budget | 22 |
| 2.2 | The necessary time..... | 25 |
| 2.3 | Required skills | 28 |
| 3 | The choice of vehicle..... | 30 |
| 3.1 | Choice based on the daily budget | 31 |
| 3.2 | Off-road vehicle or road? | 35 |
| 3.3 | Evaluate your needs | 36 |
| 3.4 | The type of vehicle | 39 |
| 3.4.1 | <i>Cars and 4x4 Off Road Vehicles.....</i> | <i>39</i> |
| 3.4.2 | <i>off-road vehicle with housing cell.....</i> | <i>45</i> |
| 3.4.3 | <i>Road VAN and VAN 4x4.....</i> | <i>49</i> |
| 3.4.4 | <i>Pure Camper (Van)</i> | <i>54</i> |
| 3.4.5 | <i>Campers and campers 4x4</i> | <i>59</i> |
| 3.4.6 | <i>Trucks</i> | <i>63</i> |
| 3.4.7 | <i>Unimog.....</i> | <i>65</i> |
| 3.4.8 | <i>Small trucks between 7 and 9 tons.....</i> | <i>75</i> |
| 3.4.9 | <i>Trucks up to 12 tons</i> | <i>78</i> |
| 3.4.10 | <i>Trucks between 12 and 16 tons.....</i> | <i>87</i> |
| 3.4.11 | <i>Trucks over 16 tons</i> | <i>92</i> |
| 3.4.12 | <i>Double-cab trucks.....</i> | <i>94</i> |
| 3.5 | Spare parts | 96 |

| | | |
|----------|---|------------|
| 3.6 | Where to buy..... | 97 |
| 3.7 | Purchase in Germany | 99 |
| 4 | The housing cell | 104 |
| 4.1 | Dimensions..... | 104 |
| 4.2 | Output Angle | 106 |
| 4.3 | We design the interiors | 109 |
| 4.3.1 | <i>Van 4900 mm long.....</i> | <i>110</i> |
| 4.3.2 | <i>5000 mm long van with high roof.....</i> | <i>111</i> |
| 4.3.3 | <i>5400 mm long van</i> | <i>112</i> |
| 4.3.4 | <i>4600 mm long cell (ver.1).....</i> | <i>113</i> |
| 4.3.5 | <i>4600 mm long cell (ver.2).....</i> | <i>114</i> |
| 4.3.6 | <i>4600 mm long cell (ver.3).....</i> | <i>115</i> |
| 4.3.7 | <i>6000 mm long cell (ver.1).....</i> | <i>116</i> |
| 4.3.8 | <i>6000 mm long cell (ver.2).....</i> | <i>117</i> |
| 4.4 | Insulation..... | 118 |
| 4.4.1 | <i>Camion and Camper.....</i> | <i>120</i> |
| 4.4.2 | <i>VAN and Campervan vans.....</i> | <i>126</i> |
| 4.5 | Already ready alternatives | 130 |
| 4.6 | Assembly materials | 135 |
| 4.7 | Thermal bridges..... | 137 |
| 4.8 | Balance of weight | 140 |
| 4.9 | The frame that frees from twisting | 142 |
| 4.10 | The windows | 147 |
| 4.11 | The door | 154 |
| 4.12 | Darkening and mosquito nets | 157 |
| 4.13 | The portholes | 159 |

| | | |
|----------|---|------------|
| 4.14 | Ventilation | 165 |
| 4.15 | Cell-cabin passage | 171 |
| 4.16 | Tunnel..... | 174 |
| 4.17 | Access ladder and steps | 177 |
| 4.17.1 | <i>Removable scale.....</i> | <i>177</i> |
| 4.17.2 | <i>Trucks with reduced access</i> | <i>179</i> |
| 4.17.3 | <i>Foldable ladders</i> | <i>181</i> |
| 4.18 | Lockers..... | 185 |
| 4.19 | Floor | 189 |
| 5 | Heat the cell | 191 |
| 5.1 | Hot air production systems | 192 |
| 5.2 | Hot water systems..... | 195 |
| 5.3 | Radiant systems | 203 |
| 6 | Conditioning | 205 |
| 7 | Electrical system | 210 |
| 7.1 | Working voltage: 24, 12 or 220 Volt..... | 210 |
| 7.2 | Sizing the system | 214 |
| 7.2.1 | <i>Example of consumption calculation.....</i> | <i>216</i> |
| 7.3 | The service batteries | 216 |
| 7.3.1 | <i>The energy reserve</i> | <i>218</i> |
| 7.3.2 | <i>The differences: AGM, GEL and Lithium.....</i> | <i>219</i> |
| 7.3.3 | <i>The sizing of the bench</i> | <i>224</i> |
| 7.3.4 | <i>Mounting batteries in series or parallel</i> | <i>226</i> |
| 7.3.5 | <i>The costs of the battery bank.....</i> | <i>227</i> |
| 7.3.6 | <i>Considerations for the correct choice</i> | <i>229</i> |
| 7.3.7 | <i>Battery monitor.....</i> | <i>232</i> |

| | | |
|--------|--|-----|
| 7.3.8 | <i>Battery balancers</i> | 238 |
| 7.3.9 | <i>Battery protectors</i> | 241 |
| 7.3.10 | <i>Battery charger</i> | 244 |
| 7.3.11 | <i>Charging with Alternator</i> | 248 |
| 7.3.12 | <i>Charge separators</i> | 253 |
| 7.4 | <i>The wiring</i> | 256 |
| 7.4.1 | <i>The sections of the cables</i> | 256 |
| 7.4.2 | <i>The electrical scheme</i> | 258 |
| 7.4.3 | <i>Identify the cables</i> | 259 |
| 7.4.4 | <i>Where to run the cables</i> | 260 |
| 7.4.5 | <i>Copper connections</i> | 261 |
| 7.5 | <i>Magnetothermal and differential</i> | 262 |
| 7.6 | <i>Fuses</i> | 266 |
| 7.7 | <i>Switches and deviators</i> | 270 |
| 7.8 | <i>Protection against heat</i> | 272 |
| 7.9 | <i>Photovoltaic system</i> | 273 |
| 7.9.1 | <i>The different needs: independence</i> | 274 |
| 7.9.2 | <i>Calculate how much energy is needed</i> | 275 |
| 7.9.3 | <i>Synergy with the batteries</i> | 276 |
| 7.9.4 | <i>Example of consumption</i> | 277 |
| 7.9.5 | <i>Photovoltaic panels</i> | 279 |
| 7.9.6 | <i>The sizing of the system</i> | 281 |
| 7.9.7 | <i>MPPT charge controllers</i> | 282 |
| 7.9.8 | <i>How to choose the controller</i> | 283 |
| 7.9.9 | <i>Real example: Valentino's plant</i> | 287 |
| 7.10 | <i>Wind Energy</i> | 290 |
| 7.11 | <i>Current generators</i> | 292 |
| 7.11.1 | <i>Types of current generators</i> | 293 |

| | | |
|----------|--|------------|
| 7.11.2 | <i>Gasoline current generators</i> | 293 |
| 7.11.3 | <i>Diesel power generators</i> | 294 |
| 7.11.4 | <i>GAS current generators</i> | 294 |
| 7.11.5 | <i>Choose the correct power</i> | 294 |
| 7.11.6 | <i>Defects of generators</i> | 295 |
| 7.12 | Fuel cells | 301 |
| 7.12.1 | <i>What is a fuel cell?</i> | 301 |
| 7.13 | Isolation transformer | 305 |
| 7.14 | Inverter..... | 307 |
| 7.14.1 | <i>Pure wave inverter</i> | 307 |
| 7.14.2 | <i>Modified wave inverter</i> | 308 |
| 7.14.3 | <i>Choosing the correct power</i> | 309 |
| 7.15 | Converters DC/DC | 315 |
| 7.16 | External current socket | 319 |
| 7.17 | Lighting..... | 321 |
| 7.18 | Control panels | 325 |
| 8 | Hydraulic system | 328 |
| 8.1 | Types of plants | 329 |
| 8.2 | Plant suitable for Overland vehicles..... | 330 |
| 8.3 | Pipelines | 337 |
| 8.3.1 | <i>John Guest pipes and fittings</i> | 340 |
| 8.3.2 | <i>Multilayer pipes</i> | 342 |
| 8.3.3 | <i>Waste water pipes</i> | 345 |
| 8.4 | Tanks for drinking water | 347 |
| 8.5 | Sanitization of clear water tanks | 351 |
| 8.5.1 | <i>Prevent water contamination</i> | 352 |

| | | |
|-----------|---|------------|
| 8.5.2 | <i>Sterilization of the water tank</i> | 353 |
| 8.6 | Black water tanks | 355 |
| 8.7 | Recovery wells with drain pumps..... | 356 |
| 8.8 | Drinking water while traveling | 358 |
| 8.8.1 | <i>Basic filtration, bottled water</i> | 358 |
| 8.8.2 | <i>Boiling water to make it drinkable</i> | 358 |
| 8.8.3 | <i>Filtering</i> | 358 |
| 8.9 | Filters..... | 360 |
| 8.9.1 | <i>Online filter</i> | 360 |
| 8.9.2 | <i>Fixed installation</i> | 361 |
| 8.9.3 | <i>Katadyn filtering systems</i> | 364 |
| 8.9.4 | <i>Seagull IV filtering systems</i> | 368 |
| 8.9.5 | <i>UV lamp purification</i> | 370 |
| 8.10 | Autoclave pumps..... | 374 |
| 8.11 | Recycling of gray water | 383 |
| 8.12 | Water level control panels | 385 |
| 9 | The furniture | 387 |
| 9.1 | The woods | 393 |
| 10 | The kitchen | 395 |
| 10.1 | Refrigerator | 395 |
| 10.1.1 | <i>Pros and cons of the two models</i> | 397 |
| 10.2 | Cooktops..... | 401 |
| 10.2.1 | <i>GAS kitchen</i> | 401 |
| 10.2.2 | <i>Diesel kitchen</i> | 403 |
| 10.2.3 | <i>Induction kitchens</i> | 406 |
| 11 | The bathroom | 411 |

| | | |
|-----------|--|------------|
| 11.1 | Toilet..... | 412 |
| 11.1.1 | <i>Chemical toilet.....</i> | <i>412</i> |
| 11.1.2 | <i>Nautical WC.....</i> | <i>416</i> |
| 11.1.3 | <i>Cassette toilet with macerator.....</i> | <i>419</i> |
| 12 | Gas | 420 |
| 12.1 | Components of the GAS system..... | 420 |
| 12.2 | The connection of the cylinder..... | 421 |
| 12.2.1 | <i>U.S. connectors and Canada.....</i> | <i>421</i> |
| 12.2.2 | <i>ACME connectors 1 inch and ¾</i> | <i>423</i> |
| 12.2.3 | <i>Bayonet connectors.....</i> | <i>423</i> |
| 12.2.4 | <i>Flat connectors.....</i> | <i>424</i> |
| 12.2.5 | <i>Connectors used in Chile.....</i> | <i>425</i> |
| 13 | Baggage | 426 |
| 13.1 | Roof rack | 426 |
| 13.2 | External gates | 428 |
| 13.3 | Internal gates..... | 432 |
| 14 | Internet on board | 434 |
| 14.1 | Use of the cellular network | 434 |
| 14.2 | Public Wi-Fi..... | 435 |
| 15 | Living traveling, how to do!..... | 439 |
| 16 | Acknowledgments | 447 |
